

## **Charging Policy**

Charges for the care of babies and pre-school children are calculated by the hour and apply as per contract. Extra hours, taken over and above those contracted by individuals, will be added to the invoice at the end of the month in which they are taken.

The rates for school age children are calculated per session

***Non attendance will be charged at the usual hourly/ sessional rate.*** There is no charge, however, if I am unable to provide care for your child due to my own ill health.

Wherever possible I aim to cover the cost of toddler groups and excursions that fall within the perimeters of normal daily routine.
