

Home-Grown Childcare Charging Policy

Charges for the care of babies and pre-school children are calculated by the hour and per session and all sessions will be rounded up to the nearest half hour. Extra hours, taken over and above those contracted by individuals, will be added to the invoice at the end of the month in which they are taken.

The rates for school age children are calculated per session

Non attendance will be charged at the usual hourly / sessional rate. There is no charge, however, if we are unable to provide care for your child due to setting closure.
